**Re: Support for The Lab School of Washington - BZA
Application No. 17383**

Dear Members of the Board:

The purpose of this letter is to express our strong support for The Lab School's application for a student and faculty/staff increase and to locate additional parking in the public space along Whitehaven Parkway. We believe that The Lab School is an important resource for the community and that it should be encouraged to provide learning disabled students with the individual attention that is so important to their education. We are pleased that the Lab School is located in our community.

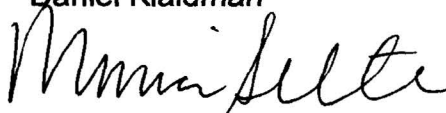

As a homeowner in the Palisades, we fully support the Lab School's application. We believe that the proposed student and faculty/staff increase and the parking spaces will not adversely affect my community. We also feel confident that the school will be conscientious and considerate neighbor and will work to resolve any concerns of the neighboring property owners.

For these reasons, we support The Lab School's application to the BZA and hope that you approve Application No. 17383.

Sincerely,

Daniel Klaidman

Monica Selter
