Re: BZA Appeal #17538

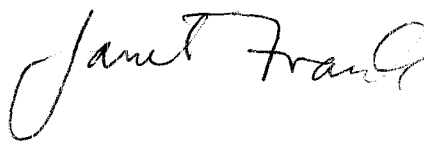

Dear Ms. Kress,

I am writing in support of the appeal by the Woodley Park Community Association and ANC 3C concerning the zoning issues brought before you regarding the JBG company's operations on Woodley Road. As a lifelong resident of D.C. I am appalled at the level of destruction already wreaked on this neighborhood by the JBG's digging operations and at their proposed plans which would further damage the neighborhood.

I live at 2716 27th street which is less than 100 yards from the site. Our house and, in fact, the entire block facing the JBG property lies in a historic district. As you know, the Wardman Tower itself is a designated historic site. So between that historic site and our historic block, the JBG company is planning a massive building operation which will be harmful to our neighborhood. The irony is that the JBG company people are trying to "tack on" this new project to the Wardman Tower, thereby compromising its historic integrity if they succeed in realizing their plans.

Please rule to save our neighborhood from these rapacious developers.

Sincerely,

Janet Frank
