Dear Members of the Board of Zoning Adjustment:

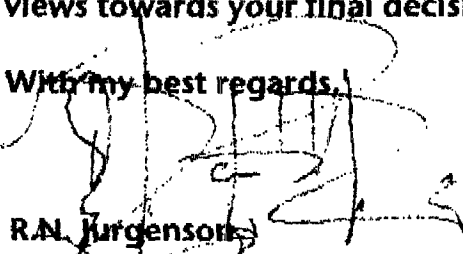

This letter is in reference to appeal # 17538, regarding the JBG Companies's construction of the underground garage at 2660 Woodley Road, North West, Washington, DC.

The JBG Companies have presented to the Woodley Park community proposed drawings of the landscaped gardens that will be above the planned garage and will definitely improve the general view of the area.

The majority of the residents and neighbors concur with the presented project because, in addition to the visual improvement, we will also benefit from the elimination of the cacophony of cars being parked as in the existing above ground garage area.

As a Board Member (President Ex-Officio) of the WPCA , I am attuned and fully aware of the general consensus of the needs and wishes of the neighborhood; therefore, I respectfully ask that you kindly consider our views towards your final decision affecting this community.

With my best regards,

R.N. Jurgenson
2005-2006 President
Woodley Park Community Association
