Dear Mr. Green,

I wish to thank you and your staff for meeting with Pastor George Haskins, other representatives of the Assembly of Saints Child Development Center and I on Monday, January 30, 2006. It was important that they be given the opportunity to discuss the history of their interest and use of this property in the past and their continued interest in ultimately purchasing this property.

As indicated to you in my earlier correspondence the Assembly of Saints Child Development Center has provided a very valuable service to our community for many years. In the past they had asked and received permission to use the land parcel at 4808-10 Nannie Helen Burroughs Avenue, NE to provide extended play for the children in their center and for summer camp. For a period of time they also used this property based on an oral agreement with Mr. Wiggs but stopped doing so when they received a letter from your department telling them they could no longer do so.

At this time they are requesting the use of the land. I fully support this request and ask that you grant it to them. Please contact me if I can be of any assistance in this matter.

Sincerely,
