Dear Sir/Madam:

Subject: Proposed Child Care Center/Day Care Center

Please be advised that Bishop George F. Haskins, Jr. has submitted his plans to the Commissioner of Ward 7 for review and approval to own and operate a Child Care Center on 4605 Kane Street, N. E., Washington, D. C.

It is my understanding that the final decision rest with the Board of Zoning for special exception from section 302.1 to allow proposed 15 children with 2 rotating staff in the center and to operate in an existing single family detached dwelling structure. .

Although the proposed site is located in a R-2 residential zone district, it is imperative that we meet the needs of the community for working parents who are often inconvenienced because of transportation and other financial difficulties. The facility would greatly benefit this particular area by allowing parents to benefit from a center that's accessible to a bus line while being accommodated by the much needed Before and After school program..

The residents in the area welcome Bishop Haskins who has another center in the 4800 Block of Nannie Helen Burroughs Ave., N.E. – D.C. He has a great track record and is well-known in the community for providing excellent services to our residents.

Thank you for your expeditious response to this request. We eagerly await your response.

Sincerely,

A handwritten signature in cursive script, appearing to read "Muriel Chambers".
