**Re: BZA Case No. 18431-A
2301 Foxhall Road, NW | The Field School (the “Applicant”)
Clarifications to DDOT Report (Ex. 31)**

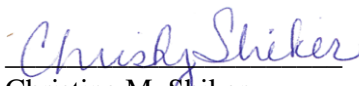

Dear Members of the Board:

This letter is submitted to clarify two elements of the District Department of Transportation (“DDOT”) report in the record at Exhibit [31](#). The DDOT report references an earlier version of the Transportation Demand Management (TDM) plan and did not address the Applicant’s request for flexibility regarding the location of the proposed bicycle parking spaces. As indicated in the e-mail exchange between Jami Milanovich, the Applicant’s transportation expert, and Erkin Ozberk, the DDOT reviewer, DDOT confirmed that the correct TDM plan is in the record at Exhibit [26C](#) and that DDOT has no objection to the Applicant’s request for flexibility for the proposed bicycle parking spaces. See **Attachment A**.

We look forward to the Board’s consideration of this application at the public hearing scheduled for March 5, 2025. Should you have any questions, please do not hesitate to have staff contact us.

Respectfully submitted,

HOLLAND & KNIGHT LLP
