

TO WHOM IT MAY CONCERN

We, the undersigned, are residents in the neighborhood of 1400 block of Newton Street N.W.

It is our understanding that there is a variance request with Board of Zoning Adjustments for the vacant property located at 1440 Newton Street N.W. This property has been vacant for over a 30 year period and is an eyesore in the neighborhood. We also understand that there is a proposed development plan for two residential buildings at the site. We have reviewed the drawings of proposed buildings. The planned buildings are esthetically compatible with the neighborhood and will blend well with the existing buildings. The new residences will remove problems associated with vacant lot and instead will enhance livability of the neighborhood. We are in favor of planned development of vacant lot. Therefore, we have signed this petition and strongly recommend approval of variance application.
