MEMORANDUM

TO: District of Columbia Board of Zoning Adjustment

FROM: Samuel Zimbabwe 
Associate Director

DATE: February 18, 2016

SUBJECT: BZA Case No. 19203 – 1844 Kendall Street NE

APPLICATION

Sheela-Tschand LLC (the "Applicant"), requests a variance from side lot requirements under § 405 and a special exception from conversion to apartment house requirements under §336.1 to convert a single family dwelling unit to a three dwelling unit apartment house with two parking spaces in the R-4 District at premises 1844 Kendall Street NE (Square 4048, Lot 808).

RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the Applicant's request and determined that based on the information provided, this proposed project will have no adverse impacts on the travel conditions of the District's transportation network. DDOT has no objection to the approval of the requested variance and exception.

This review pertains only to zoning issues and does not consider potential impacts to District owned public space. DDOT's lack of objection to this zoning variance and exception should not be viewed as an approval of public space elements. If any portion of the project has elements in the public space requiring approval, the Applicant is required to pursue a public space permit through DDOT's permitting process. The Applicant may refer to the District of Columbia Municipal Regulations and DDOT's Design and Engineering Manual for specific controls of public space. A summary can be found in the Public Realm Design Manual.
