Re: Statement of Outreach Conducted

Dear Sir/Madam:

I am writing to provide a summary of outreach efforts conducted around our application for a special exception to build an accessory apartment at 1511 Lawrence St NE.

On January 10, 2016, Charles Bergen and Sujatha Jahagirdar knocked on all doors within 200 feet of 1511 Lawrence St NE and notified in-person neighbors who were home about the application and provided notice of the upcoming ANC neighborhood meeting to discuss the matter. We left flyers on the doorsteps of those who were not home notifying neighbors of the upcoming meeting as well.

On January 27th, Commission Michael Morrison hosted a neighborhood meeting and took a vote of all neighbors present within 200 feet of the residence. All nine neighbors present voted in support of the proposal.

On February 27th, the full ANC 5B board voted in unanimous support of our proposal. A letter from Commissioner Morrison documents this vote.

Sincerely,

Sujatha Jahagirdar and Charles Bergen
