

April 2016

Dear Bureau of Zoning Affairs:

I am writing to support of the Bureau of Zoning Affairs Application to restore 1850 5th St NW. I have lived around the corner from these homes for many years and was dismayed when the house at 1850 5th St NW was torn down.

I am thrilled that the homeowner at 1848 5th Street, who owns the lot for 1850 5th St NW, would like to restore it to its original historic proportions and exterior. I support the requests for zoning exemptions and support the homeowner's plans to build on the original footprint. I am confident the plans will continue to improve this historic block and LeDroit Park in general.

Sincerely,

Signature:
