To Whom It May Concern:

This is a letter of support for Ms. Kara Chernet to be granted approval to build a deck on the rear of her home at 2644 10th Street, N.E. Washington, D.C. 20018. Ms. Chernet and I, the Single Member District commissioner has canvassed the neighbors within 200 feet of her property and shared her intent to build a deck in the rear of her home. We collected signature on a petition from the majority of the neighbors. This project will be an asset to the community. As the Advisory Neighborhood Commissioner for 5B04, I would like to ask that the board support this project.

Sincerely,

Rayseen Woodland
Advisory Neighborhood Commissioner, ANC5B04
