

Statement of Service
BZA CASE # 19698
January 16, 2018

In December of 2017 and again on January 15, 2018, I was in touch with Mr. Ed Solomon, Commissioner of ANC 2E01, Mr. Joe Gibbons, Chair of ANC 2E, and Mr. Peter Sacco, Executive Director of ANC 2E, alerting them of my upcoming Application before the BZA and, most recently, requesting to be placed on their agenda as soon as possible to present my case for their endorsement. My letters identified the Exception we are seeking and included details of our property and architect's plans for the bay window in question.

For many months my wife and I have discussed this plan with adjacent neighbors, and they have expressed full support. I recently sent detailed letters to them with a description and architect's plans for the bay window, and I included a stamped, self-addressed envelope for them to return a note expressing their support. Those notes will be filed as part of the Application.

I will also be delivering to the Office of Zoning hard copies of plans and documents relating to this Application.

I pledge to submit a statement of the results of the ANC 2E meeting when it occurs.

Richard L. Hall

16 January 2018

In addition to the Owner's statement above, today I, as his authorized agent, forwarded all documents filed with the BZA to Mr. Joel Lawson at the Office of Planning.

Sincerely,

Matthew Ossolinski
