Re: BEYOND LIGHT, Inc (BEYOND MALE 90 DAY Work therapy Transitional Housing )

Subject matter: Letter of Support

Please allow this letter to serve as a letter of support regarding a MALE WORK THERAPY program in Ward 8-D-03. BEYOND LIGHT, Inc

As a resident of Washington DC and reside in wards 7\_\_8 ✓ I am in support of the program. I have attended BEYOND LIGHT, Inc workshops on family development along c other societal factors, which may affect and /or have affected "Our" male population, as fathers, sons; and gender specifics.

Through abuse; molestation, substance abuse; lack of family support absent Mothers and fathers, unaddressed. Structural programs are a great need in the metropolitan area and its surrounding areas (DMV)

I have Son's and family members (males) I truly feel could have benefited from such programs, which may have decreased our Crime rate and incarceration, amongst our Male population, promoting interdependence, Stable employment; Education and family development - functioning to (MANHOOD, gainful and stable employment, reunification of our MALES, HUSBANDS-FATHERS who are the soul of, within their homes and communities.

Respectfully submitted,

*Lisa Jordan*
