RE: Dorcas Adkins

Signatures on Petition of Neighbors in Opposition

Many weeks after I submitted the Neighbors Petition in Opposition, Dorcas Adkins, a neighbor, emailed me to say that she had indeed signed the petition but had changed her mind.

She wanted me to take her signature off. Having already filed the petition with over 170 petitions in the record, I did not know how to “take her signature off.” I was just not including “one” less in my “200 people have signed in opposition.”

No one else who has signed in opposition has changed their mind. Dorcas alone has changed positions.

We thank you for your patience.
