Re: Letter of Opposition for the Sunrise Senior Living at 3920 Alton Place NW

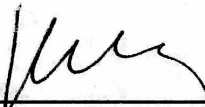

We, the undersigned, oppose the proposed development at 3920 Alton Place NW NW requesting special exceptions for a senior retirement community and new church on site in R1-B / residential (single-family) district. The proposed 97 unit, 24/7 senior assisted living center and 250-seat church. This expansion would be a serious overuse of the site. Neighbors would be adversely impacted by the unsafe traffic conditions, illegal parking and noise. The proposed development would generate for more of these conditions than this neighborhood residential community could safely and reasonably accommodate. We ask the Board of Zoning Adjustment to oppose this project.
