RE: BZA Application No. 19823-A – Motion to Supplement the Record

Dear Members of the Board:

Attached please find our motion (Form 150) to supplement the record with Exhibit B to our initial request for an extension of time, which was inadvertently omitted from our filing submitted April 29, 2025. This exhibit demonstrates that the court mandate effectuating its decision to uphold the Board of Zoning Adjustment's order in BZA Case No. 19823 was issued on May 1, 2023. Under D.C. Court of Appeals Rule No. 41, the court's decision is not effective until the mandate is issued in order to allow the non-prevailing party to file a motion for rehearing within the permitted time period. No motion for rehearing was filed, thus allowing the court's decision to become effective when the mandate was entered May 1, 2023. Consequently, the BZA order would not expire until May 1, 2025, and our request for an extension of time was timely filed on April 29, 2025. The church notes that it is in active discussions with another assisted living developer to continue with the project and this extension would allow this important facility to move forward.

At the request of the Office of Zoning, we are also submitting a letter authorizing ourselves to file the motion for an extension of time.

Respectfully submitted,

  
Rev. Dr. Lynn Bergfalk
