Date: June 1, 2017

Subject: **BZA Application, Cooper Garage**
912 5th Street NE (Square 807, Lot 42)

Andrew Cooper, owner and resident of 912 5th Street NE, hereby applies for a special exception pursuant to Subtitle X, Chapter 9 and Subtitle E § 5201.1, to build a garage at the rear of his property. The aspects of the proposed project that falls outside the current zoning regulation are as follows:

The existing house has a lot occupancy of 714 SF (44%), which will increase to 1133 (70%) with the proposed garage. The proposed lot occupancy will be at the 70% maximum allowed by a special exception for a row house in the RF-1 zoning district (ZR-16 304.1).

Additionally, relief is requested for Subtitle u 301.1(c) due to the widths of the alleys off the main streets. 10' wide public alleys from I Street, 4th Street and 5th Street lead into the 15' wide public alley at the rear of the property. The proposed garage does not meet the requirement of Subtitle U 301.1(c) that requires permanent access to the property on an improved alley no less than fifteen feet (15 ft.) in width and within a distance of three hundred (300) linear feet of a public street.

I. Summary:

This special exception qualifies under ZR-16 Subtitle X, Chapter 9 and Subtitle E § 5201.1, because the lot occupancy does not exceed 70%, and the garage will not have a substantially adverse affect on the use or enjoyment of any abutting or adjacent dwelling or property.

II. Qualification of Special Exception

901 Special Exception Review Standards

The Board of Zoning Adjustment will evaluate and either approve or deny a special exception application according to the standards of this section.

The Board of Zoning Adjustment is authorized under § 8 of the Zoning Act, D.C. Official Code § 6-641.07(g)(2), to grant special exceptions, as provided in this title, where, in the judgment of the Board of Zoning Adjustment, the special exceptions:

Board of Zoning Adjustment
District of Columbia
CASE NO.19838
EXHIBIT NO.9

- a. *Will be in harmony with the general purpose and intent of the Zoning Regulations and Zoning Maps;*

The existing square is extremely dense with several garages along the back alley. The proposed garage will be in scale with the existing garages in the alley. The proposed garage will follow the required setback from the alley centerline. Additionally, the proposed garage will be constructed with high quality materials similar to those on the existing garages.

- b. *Will not tend to affect adversely, the use of neighboring property in accordance with the Zoning Regulations and Zoning Maps; and*

The light and air available to neighboring properties shall not be unduly affected.

914 5th Street NE

914 5th Street NE lies to the north of the proposed garage at 912 5th Street NE. 914 5th Street does not have a garage structure at the rear of the property. The proposed garage at 912 5th Street may have a minimal impact on the light and air available to the rear yard of 914 5th Street, but most of the impact will be limited to the rear portion of the yard at 914 5th Street. The proposed garage will not impact the existing house at 914 5th Street since the garage will be more than 23' back from the rear of the house at 914 5th Street. Therefore, given the garage location, the proposed project will have a minimal impact on the light and air available to 914 5th Street NE.

Neighbors to the South

Neighbors to the south of the proposed garage at 912 5th Street NE are separated from the proposed garage structure by their rear yards. 412 I Street and 414 I Street are directly to the south and are separated from the proposed garage by rear yards. The proposed garage at 912 5th Street may have a minimal impact on the light and air available to the rear yards the neighbors to the south, but most of the impact will be limited to the rear portion of the yards. Additionally, the garage is located to the north of the existing rear yards, so the impact on the light available to the rear yards will be minor. Overall, the proposed garage at 912 5th Street NE will have a minor impact on the light and air available to the neighbors to the south.

Neighbors to the West

Neighbors to the west of the proposed garage at 912 5th Street NE will not be unduly affected by the proposed project. The neighbors to the west are separated from the proposed garage by a 10-15' wide public alley and their existing rear yards. Additionally, the proposed garage at 912 5th Street will be set back 4'-6" from the rear property line at 912 5th Street NE. Given the distance between the neighbors to the west and the proposed garage at 912 5th Street, the neighbors will not be substantially impacted by the light and air available to their properties.

The privacy of use and enjoyment of neighboring properties shall not be unduly compromised.

914 5th Street NE

The proposed garage at 912 5th Street NE will not unduly compromise the privacy or enjoyment of neighbors to the north. The existing privacy fence will remain along the shared property line, thus prohibiting views between the two yards. The proposed garage will not have any windows along the northern wall, thus prohibiting any views into the rear yard at 914 5th Street. There will be new

windows along the second level east wall of the garage, which may allow some views into the rear yard at 914 5th Street, however these views will be minimal given the size of the windows.

Neighbors to the South

The proposed garage at 912 5th Street NE will not unduly compromise the privacy or enjoyment of neighbors to the south. The existing fence will remain along the shared property line, thus prohibiting views into the rear yards to the south. The proposed garage will not have any windows along the southern wall, thus prohibiting any views into the rear yards to the south. There will be new windows along the second level east wall of the garage, which may allow some views into the rear yards to the south, however these views will be minimal given the size of the windows. Additionally, the rear yards are deep, thus reducing the impact on the privacy and enjoyment of the neighbors to the south.

Neighbors to the West

The proposed garage will not unduly compromise the privacy or enjoyment of neighbors to the west. The neighbors to the west are separated from the proposed garage by a 10-15' wide public alley and existing rear yards. The proposed garage at 912 5th Street NE will be similar in scale to the existing garages in the neighborhood.

5201 Special Exception Review Standards

5201 ADDITION TO A BUILDING OR ACCESSORY STRUCTURE

5201.1 The Board of Zoning Adjustment may approve as a special exception in the RF zones, relief from the following development standards of this subtitle, subject to the provisions of this section and the general special exception criteria at Subtitle X, Chapter 9.

(a) Lot occupancy;

(b) Yards;

(c) Courts;

(d) Minimum lot dimensions;

(e) Pervious surface; and

(f) The limitations on enlargements or additions to nonconforming structures as set forth in Subtitle C § 202.2.

5201.2 Special exception relief under this section is applicable only to the following:

(a) An addition to a residential building;

(b) A new or enlarged accessory structure that is accessory to such a building; or

(c) A reduction in the minimum setback requirements of an alley lot.

5201.3 An applicant for special exception under this section shall demonstrate that the addition or accessory structure shall not have a substantially adverse effect on the use or enjoyment of any abutting or adjacent dwelling or property, in particular: Subtitle E-32

(a) The light and air available to neighboring properties shall not be unduly affected;

914 5th Street NE lies to the north of the proposed garage at 912 5th Street NE. 914 5th Street does not have a garage structure at the rear of the property. The proposed garage at 912 5th Street may have a minimal impact on the light and air available to the rear yard of 914 5th Street, but most of the impact will be limited to the rear portion of the yard at 914 5th Street. The proposed garage will not impact the existing house at 914 5th Street since the garage will be more than 23' back

from the rear of the house at 914 5th Street. Therefore, given the garage location, the proposed project will have a minimal impact on the light and air available to 914 5th Street NE.

Neighbors to the south of the proposed garage at 912 5th Street NE are separated from the proposed garage structure by their rear yards. 412 I Street and 414 I Street are directly to the south and are separated from the proposed garage by rear yards. The proposed garage at 912 5th Street may have a minimal impact on the light and air available to the rear yards the neighbors to the south, but most of the impact will be limited to the rear portion of the yards. Additionally, the garage is located to the north of the existing rear yards, so the impact on the light available to the rear yards will be minor. Overall, the proposed garage at 912 5th Street NE will have a minor impact on the light and air available to the neighbors to the south.

Neighbors to the west of the proposed garage at 912 5th Street NE will not be unduly affected by the proposed project. The neighbors to the west are separated from the proposed garage by a 10-15' wide public alley and their existing rear yards. Additionally, the proposed garage at 912 5th Street will be set back 4'-6" from the rear property line at 912 5th Street NE. Given the distance between the neighbors to the west and the proposed garage at 912 5th Street, the neighbors will not be substantially impacted by the light and air available to their properties.

(b) The privacy of use and enjoyment of neighboring properties shall not be unduly compromised;

The proposed garage at 912 5th Street NE will not unduly compromise the privacy or enjoyment of neighbors to the north. The existing privacy fence will remain along the shared property line, thus prohibiting views between the two yards. The proposed garage will not have any windows along the northern wall, thus prohibiting any views into the rear yard at 914 5th Street. There will be new windows along the second level east wall of the garage, which may allow some views into the rear yard at 914 5th Street, however these views will be minimal given the size of the windows.

The proposed garage at 912 5th Street NE will not unduly compromise the privacy or enjoyment of neighbors to the south. The existing fence will remain along the shared property line, thus prohibiting views into the rear yards to the south. The proposed garage will not have any windows along the southern wall, thus prohibiting any views into the rear yards to the south. There will be new windows along the second level east wall of the garage, which may allow some views into the rear yards to the south, however these views will be minimal given the size of the windows. Additionally, the rear yards are deep, thus reducing the impact on the privacy and enjoyment of the neighbors to the south.

The proposed garage will not unduly compromise the privacy or enjoyment of neighbors to the west. The neighbors to the west are separated from the proposed garage by a 10-15' wide public alley and existing rear yards. The proposed garage at 912 5th Street NE will be similar in scale to the existing garages in the neighborhood.

(b) The addition or accessory structure, together with the original building, as viewed from the street, alley, and other public way, shall not substantially visually intrude upon the character, scale, and pattern of houses along the subject street frontage;

The existing square is extremely dense with several garages along the back alley. The proposed garage will be in scale with the existing garages in the alley. The proposed garage will follow the required setback from the alley centerline. Additionally, the proposed garage will be constructed with high quality materials similar to those on the existing garages. The proposed garage will not be visible from the street.

(c) In demonstrating compliance with paragraphs (a), (b) and (c) of this subsection, the applicant shall use graphical representations such as plans, photographs, or elevation and

section drawings sufficient to represent the relationship of the proposed addition or accessory structure to adjacent buildings and views from public ways; and

The applicant has met this condition with a plat, plans, elevations, sections and photographs.

(e) The Board of Zoning Adjustment may approve lot occupancy of all new and existing structures on the lot up to a maximum of seventy percent (70%).

The proposed addition would result in a lot occupancy of 70% and can be permitted by special exception.

5201.4 The Board of Zoning Adjustment may require special treatment in the way of design, screening, exterior or interior lighting, building materials, or other features for the protection of adjacent and nearby properties. 5201.5 This section shall not be used to permit the introduction or expansion of a nonconforming use as a special exception.

5201.6 This section shall not be used to permit the introduction or expansion of nonconforming height or number of stories as a special exception.

The proposed garage is within the height and story limitations for an accessory structure.

902 Application Requirements

An application for a special exception shall meet the requirements of Subtitle Y § 300.

Along with this application, we have included the following items:

- a) Photos of the existing house and surroundings;
- b) Plan and elevation drawings of proposed addition, including a site plan showing the relationship of the proposed addition to adjacent buildings.
- c) Official Plat from the DC Office of the Surveyor.

If you require any further clarification or have any questions regarding the application, we are available at any time to discuss them with you.

Thank you,
