We here at Jam Doung Style Jamaican Cuisine are planning to move our store from 1726 North Capitol Street NW to the next door corner unit located at 1724 North Capitol Street NW. This will give us the space and opportunity we need to grow from a carryout to a sit down restaurant, and we would love to have your support. If we do, please write a statement below informing the powers that be, that you support our growth and expansion.

Statement:

As a long time Washington and been eating at Jam Doung for 10 plus years I am in full support of them expanding so that we can have a sit down meal after work and on weekend. The owner and works have been great supporters of the community and we really support them in all they do. (C) smile

Statement:

I am submitting this statement in full support of Jam Doung Style expansion. A staple in this neighborhood for many years, the food has always been consistent, fresh, tasteful, plentiful and flat-out great! It's the kind of place you refer to when you think authentic Jamaican cuisine.

Customer service is cheerful and personable. Staff is respectful of customers and provide high quality customer service to each customer.

An expansion would allow more DC exposure to this long standing fine establishment
