I, a resident of the unit block of Randolph Place NW, oppose any waiver or modification of zoning requirements in this case and support removal of the garbage shed for the reasons cited in the hearing notice including the structure’s attraction of rodents, garbage and grease regularly flowing out of the structure and the business, dirtying the sidewalk and property of residents up and down the block, and the business’s failure to remediate these issues by cleaning around the business, and its general disregard for the health and safety of its own customers and the public, including routinely moving vehicles on and off the sidewalk, parking there, and blocking the alleyway, forcing pedestrians into the street and/or to cross the street to avoid vermin, stepping in grease and trash, and to avoid getting run over.

Sincerely,  
William Weber
