Dear Ms. Fitchett:

Regarding your Case#19911 before the Board of Zoning Adjustment on February 6, 2019, I regret I am unable to attend the hearing. However, I want to share with you, the Board of Zoning Adjustment, the Office of Planning, OSSE,. Community leaders and residents my unequivocal support for your application.

As you know, the DC Early Learning Collaborative is a multi-sector, advocacy alliance of over 100 early childhood educators and organizations who practice the craft of early care and education in traditional and public charter schools, center-based and home-based early childhood settings as well as Head Start programs. The Collaborative seeks to build public knowledge, public will and public action toward ensuring that every child in the District of Columbia, from infancy through school entry, has access to high-quality affordable early childhood programs and services.

The basis for my support is three fold. First, in my estimation, the increase from 9 children to 12 will not produce any adverse conditions. Second, no objection has been expressed by neighbors nor the Advisory Neighborhood Commission. And third, it is well documented in a recent report by the Reinvestment Fund in a

study ***Early Learning Supply & Demand in the District of Columbia*** that there is a tremendous great need for additional infant & toddler slots. The data show that there is a shortage overall of over 29,000 slots with a demand for more than 3500 in Ward 7 alone where the subject site is located.

Please add my name and that of the DC Early Learning Collaborative as being very supportive of the minimal expansion of Ms. Fitchett's home based program.

Respectfully submitted

However, I want to share with you, the Board of Zoning Adjustment, the Office of Planning, OSSE,. Community leaders and residents my unequivocal support for your application.

As you know, the DC Early Learning Collaborative is a multi-sector, advocacy alliance of over 100 early childhood educators and organizations who practice the craft of early care and education in traditional and public charter schools, center-based and home-based early childhood settings as well as Head Start programs. The Collaborative seeks to build public knowledge, public will and public action toward ensuring that every child in the District of Columbia, from infancy through school entry, has access to high-quality affordable early childhood programs and services.

The basis for my support is three fold. First, in my estimation, the increase from 9 children to 12 will not produce any adverse conditions. Second, no objection has been expressed by neighbors nor the Advisory Neighborhood Commission. And third, it is well documented in a recent report by the Reinvestment Fund in a

study ***Early Learning Supply & Demand in the District of Columbia*** that there is a tremendous great need for additional infant & toddler slots. The data show that there is a shortage overall of over 29,000 slots with a demand for more than 3500 in Ward 7 alone where the subject site is located.

Please add my name and that of the DC Early Learning Collaborative as being very supportive of the minimal expansion of Ms. Fitchett's home based program.

Respectfully submitted

**Subject: Letter of Recommendation for Mrs. LaTrell D. Fitchett**

**Attn: Hearing Administrator**

**Mrs. Fitchett is the owner and operator of a business which provides child care services in Washington, DC. Her responsibilities included assisting in the development and implementation of early childhood development, administration services, purchasing and installing child safety playground equipment. Recognized by state and national organizations as a highly respected and regarded children developer.**

**This organization has provided accounting and tax filing services for over 10 years and confirm that company is current with its Federal and District of Columbia income taxes.**

**Overall, Mrs. Fitchett is a very conscientious, talented and committed business woman. I truly believe that with a larger platform that her vision for early childhood social skills will make them better equipped as required. I strongly support Mrs. Fitchett in her work.**

**Sincerely,**
