Subject: Masjid Expansion Neighbor Note

Hi Albert,

I hope this note finds you well. This is Scott Kaplan. You knocked on our door last weekend and we had a lovely conversation about the Mosque expansion.

As I mentioned, we're only tenants here and don't have direct access to the owner. However, I wanted to provide you with the email address we use to contact them (tenants@rentalsolutions.org). I've also sent them a note with your contact info in case they have questions.

My fiance and I have lived here for just over a year. We love the street and being neighbors - your congregants (sorry, I don't know if that's the right term!) are all polite and friendly. Best of luck on your construction project!

Please feel free to email me or stop by again if you need anything!

-SK
