Hello, Mr. Correll

I am the chairman of the economic development and zoning committee for ANC 6A. In reference to your relief request for 802 10th St NE, I wanted to see if you can postpone your hearing. I inadvertently left this matter off the agenda for the July EDZ meeting. However, even if we did have it on the agenda for the meeting today, the earliest the full ANC could consider it would be September (the ANC does not meet in August), so there would be no way that the ANC could register its opinion on the project until then.

Would it be acceptable for you request a postponement of your hearing until October to allow the ANC to consider the matter?
