To Whom It May Concern,

I write in follow-up to my letter dated July 16, 2019 regarding the request for expedited review of BZA Application No. 20076 to proceed with construction of a two-story rear addition in the RF-1 Zone at premises 122 V St. NW.

Upon receipt of the letter, Mr. Athos Pashiardis contacted me to discuss my opposition to his project without proper assurances that the potential obstruction of the alleyway and any construction-related debris. He and his architect, Mr. Jim Schulman, have provided assurance that his proposed construction project will not impede alley access and that he will properly dispose of any debris from the project.

With these assurances, I withdrawal my earlier request to remove the application from expedited review.

Kind regards,

Katherine Munroe
