RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the application materials and has determined that the proposed action will not have adverse impacts on the District’s transportation network. DDOT has no objection to the approval of this application.

PUBLIC SPACE

This review only pertains to zoning issues and does not consider potential impacts to District owned public space. DDOT’s lack of objection to this application should not be viewed as an approval of public space design. If any portion of this or future projects at the property propose elements within District owned public space, the Applicant is required to pursue a public space permit through DDOT’s permitting process. A permit application can be filed through the DDOT [Transportation Online Permitting System](#) (TOPS) website.
