

**Transportation Demand Management: 3905 Kansas Avenue NW Washington DC 2011**

The Transportation Demand Management (TDM) plan is an active program used to foster alternative transportation choices that are more environmentally friendly than driving alone.

DDOT's TDM in The Development Process Report was used as a reference for this TDM plan.

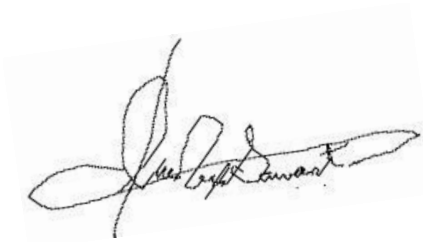

The applicant will comply with the following measures:

-Issuance of a one-time one-year bikeshare and/or car share membership as part of a move-in package for the first lessee or owner of each residential unit. (This measure is for initial owners only, and not in perpetuity)

-Offer a preloaded \$10 SmarTrip card for each unit at the initial sale or lease of units in the building

Respectfully submitted,

3905 Kansas, LLC

A handwritten signature in black ink, appearing to read "Kuldeep Sawant", is written over a light blue rectangular background.
