Hello,

I wanted to quickly send in a note in support of the Macklin parking waiver and development. My family and I love living in the neighborhood and see increasing usable public space, particularly along a busy corridor, to be of vital interest for the long-term viability of the neighborhood. With so many closures along the Connecticut Avenue strip, it's clear that current policy isn't working to attract and/or sustain long term local businesses and we see increasing population as one solution to that. Parking is not necessary for the construction as the vast majority of people who frequent the businesses walk. Plus, there is plenty of short-term parking at the Sam's Park and Shop (which is almost always empty).

Best,
Glenn Stanley
