I write in support of the waiver for parking for 3400 Connecticut Avenue.

Creating a vibrant Cleveland Park depends on our ability to allow smart development to create housing for people who want to be part of our community. Limiting that because of outdated regulations around parking seems shortsighted. There are so many transportation options from walking, biking, rideshare, metro bus, metro underground, and the scooters that make car ownership less required in our area. That's healthy for people, the community, and the planet.

Please help us maintain a vibrant commercial and residential Cleveland Park. It's more important now than ever.

Thanks,

John Alderman
