Mr. Frederick Hill

Chairman, Board of Zoning Adjustment

RE: Case #20266, 3400 Connecticut Avenue Partners, LLC

On behalf of my wife, Marian Wright Edelman and myself, I appear in opposition to Mr. Kang's request for a waiver from the requirement that the planned development provide 17 off-street parking spaces. We live on Newark Street and even at some distance (about ¼ mile) from the Macklin, and we already experience parking problems and increased traffic from those who appear to be looking for space. Granting the waiver would make this terribly much worse.

From Connecticut Avenue through the 2900, 3000, 3100 and 3200 (our) block of Newark Street, there is parking on only one side of the street. In fact, making distracted parking-space seeking traffic more problematic, through most of that distance there isn't even a sidewalk on one side of the street. Anything that increases the competition for already scarce parking spaces is bound to make things worse – and less safe – for residents, and for visitors to area businesses and to our homes.

Thank you for your time and attention.

Peter Edelman and Marian Wright Edelman
