RE: BZA Case No. 20382, Parties in Opposition Request to Late File

Dear Chairperson Hill and Honorable Members of the Board:

The Parties in Opposition to BZA Case No 20382 submit this motion to late file corrections to Applicant's 3D drawings in Exhibits 90A and 93A. The Applicant's most recent drawings were filed July 9, 2021. There are errors in the drawings that show the building height proportions significantly shorter than provided in the Applicant's architectural drawings in Exhibit 70. We have provided corrections using the Applicant's architectural drawing dimensions and submitted them to the Board and parties within 24 hours of the Board's July 14, 2021 meeting.

Sincerely,
Darrin Howell & MaryJoy Ballantyne
