RE: BZA Application No. 20472: The River School

Dear Board of Zoning Adjustment,

I am a neighbor in support of River's proposed campus at 4220 Nebraska Ave. The River School would be a wonderful addition to the neighborhood. It is a school with a strong reputation for excellence in our city. The school is a national leader in the therapy which is necessary to ensure full rehabilitation for children who receive cochlear implants. The land, which abuts AU Law School and is on the very busy corridor of Nebraska Ave. would make a spacious new home for the vibrant school.

Sincerely,

Robert Blair
