Comments in Support

To Whom It May Concern,

I write in strong support of The River School's proposed plan for a new school campus at 4220 Nebraska Avenue NW (BZA Application No. 20472: The River School).

The River School is a cherished pillar of our community. It has a strong track record of nurturing our neighborhood's children. And in doing so, it has proven itself a respectful and responsible member of the broader neighborhood at its current campus on MacArthur Boulevard.

I have considered the impacts on our neighborhood of the new campus plan, including with respect to traffic flows. I find the impacts to be manageable and limited. They are by no means substantial enough to impede the ability of this important educational institution to fulfill its mission serving our neighborhood's children and families.

Our neighborhood needs thriving schools. The River School's plan furthers that critical objective.

I urge that all regulatory and zoning approvals be granted promptly for this important project and for the benefit of our kids.

Sincerely,

Robert Silvers
