

Erwin N. Andres, PE

Principal & Vice President

Mr. Andres' diverse experience bridges the disciplines of civil engineering design, urban transportation planning, traffic engineering, land development, environmental analysis, and transportation systems design.

Mr. Andres has directed transportation impact studies, traffic circulation and transit studies, parking studies, and multi-modal studies for master plans, business districts and new real estate development projects of all types and sizes. He has evaluated alternative public transportation modal options. He is familiar with roadway classification and its application to transportation planning. He has performed traffic impact assessments for residential, office, shopping and convention centers, and institutional complexes. He has been responsible for the transportation and parking components for academic, government, and corporate campuses.

Erwin's project experience covers the full spectrum of land-use and includes:
