Hi Mr. Poozesh,

I am in favor of the proposed work that will extend the back of your propety and increase the storage cacitiy for your framing busisness. I examined the plans on the DC website so am very familiar with the proposed project. I live at 1618 Riggs Place, and pass by your store both form the alley side and from 17th street multiple times daily.

Good luck, and I hope our ANC representatives vote in favor of your project.

Regards,

Richard Little
