Subject: Support for Picasso Gallery Application

Dear Rojyar

I live at 1626 Riggs Place NW and support your addition plans for Picasso Gallery.

Your gallery is a neighborhood gem and we appreciate how you have taken care of the neighborhood either by framing art for our walls or providing friendly conversation walking by on 17th Street. Since my house and yours share an alley I am walking past your building every day.

I support the plans and application you have made to expand your building and hope that you are able to complete the renovation and grow your building and business as you continue to serve our community.

Sincerely,
Brian Gelfand
1626 Riggs Place NW
