Re: ADDENDUM to Jessica Smith Request for Postponement of Hearing on Case 21163

Dear Board of Zoning Adjustment,

I would like to submit an additional reason to support my request to postpone the Oct 9 hearing on BZA Case 21163 Applicant Kaely Michels-Gualtieri.

On September 17, Applicant's architect submitted an update Burden of Proof, and on September 18, applicant's architect submitted revisions to the filing to change the relief requested from U§ 301.1(b) to U§ 320.2

I was not notified about these new documents, which are key revisions that require additional time to consider.

Thank you for your consideration,

Jessica Smith
