*To Whom it May Concern,*

*Advisory Neighborhood Commission 8D has voted to support the planned DC Fire and EMS Fleet Facility and accompanying office buildings at DC Village Lane.*

*Bellevue is uniquely situated in Ward 8 and ripe for new development projects that will enhance the overall economic outlook of the community.*

*We agree that this expansion will promote public safety efforts, provide jobs and bring some much-needed positive attention to our area. We look forward to continuing conversations as the project progresses.*

*Sincerely,*
