#### MEMORANDUM

**TO:** District of Columbia Board of Zoning Adjustment

**FROM:** Anna Chamberlin, AICP   
Associate Director

**DATE:** November 27, 2024

**SUBJECT:** BZA Case No. 21203 – 3800 Harrison Street NW

---

#### APPLICATION

Jay and Amy Hariani (the “Applicant”), pursuant to Title 11 of the *District of Columbia Municipal Regulations (DCMR)*, requests the Board of Zoning Adjustment (BZA) grant Special Exceptions to construct a side addition, a two-story garage, and an accessory dwelling unit to an existing two-story principal dwelling. The site is in the R-1B Zone at 3800 Harrison Street, NW (Square 1851, Lot 67) and is served by a 16-foot public alley.

#### RECOMMENDATION

The District Department of Transportation (DDOT) has reviewed the application materials and has determined that the proposed action will not have adverse impacts on the District’s transportation network. DDOT has no objection to the approval of this application.

#### STREETSCAPE AND PUBLIC REALM

DDOT’s lack of objection to this application should not be viewed as an approval of the public realm. If any portion of this or future projects at the property propose elements within District-owned right-of-way or the building restriction area, the Applicant is required to pursue a public space construction permit. It is noted that the site has a 15-foot Building Restriction Line (BRL) along the Harrison Street NW and 38<sup>th</sup> Street NW frontages. The area between the property line and BRL is the building restriction area, which is regulated like DDOT public space and should remain “park-like” with landscaping.

DDOT expects the adjacent public realm to meet all District standards. The Applicant should refer to Titles 11, 12A, and 24 of the [DCMR](#), the most recent version of DDOT’s [Design and Engineering Manual](#), and the [Public Realm Design Manual](#) for public space regulations and design guidance. A permit application can be filed through the DDOT [Transportation Online Permitting System](#) (TOPS) website.

## **HERITAGE AND SPECIAL TREES**

According to the District's [Tree Size Estimator map](#), the property has four (4) Special Trees. DDOT expects the Applicant to coordinate with the Ward 3 Arborist regarding the preservation and protection of existing Special trees.

Special Trees are between 44 inches and 99.99 inches in circumference. Special Trees may be removed with a permit. However, if a Special Tree is designated to remain by DDOT's Urban Forestry Division (UFD), a Tree Protection Plan (TPP) will be required.
