As one of the adjacent property owners. Our names are Shirley Harper and Louis Jarvis we are seniors. Who was supposed to give us a notice about the public hearing on 2/5/25 at 9:30 was it the ANC, The Office Zoning or Mr. Hayman. If it was Mr. Hayman here we go again with him making up his own rules so he can try to benefit from them at any cost. There's no picture posted of what's being discussed. We are not discussing the front of the home. We are discussing the extension which is in the rear of the home. Mr. Hayman is asking for special exception. There is NO!!! special exception. We are the property owners of 3222 Brothers Place next door to Mr. Hayman at 3220 Brothers Place. Mr. Hayman would be sitting in back of his home watching the extension being built out of compliance. The whole extension is out of compliance. He requested 13 feet and build 16 feet. The extension is supposed to be 5 feet from the property line on both sides that was overlooked by him and his contractor. Mr. Jarvis told the contractor they are supposed 5 feet from the property line. They told him this is what Mr. Hayman wants and they continue on to give him what he wanted. Mr. Hayman will not have our permission to hang his roof or gutter into our yard. This extension would have an enormous impact on our property. We strongly suggest that Mr. Hayman put his extension in compliance, or risk having legal action and having the property tied up in litigation for as long as it takes. There will be NO!!!! Special Exception.
