

## Attempt to Obtain Modified Notes and Computations

February 13, 2025

To Whom It May Concern,

I, John C. Hayman III, owner of 3220 Brothers Place SE am notifying the DCOZ, BZA, DOB, Office of Planning, ANC 8C and 8C04 of my recent efforts to get modified “Notes and Computations” for my next hearing on February 26, 2025. During this week I’ve attempted to contact D.O.B. Zoning personnel Greg Garland, Mamadou Ndaw, and Kathleen Beeton who were all are out of office. I arrived at the D.O.B. today and was directed by Ms. Kim Rispus (Front Desk Representative) to Mr. Michael Craig (Deputy of Operations) who stated he would direct our problem today to Ms. Beeton’s second in command Elisa Vitale (D.O.B. Deputy Zoning Administrator) and she would get back to us by phone. However, we didn’t receive a call or email from her today. Our revised Burden of Proof and the D.O.B.’s computations don’t match and our attempts to get this resolved has hit a brick wall. Hopefully, we can get this resolved before our next hearing. All assistance is appreciated.

Thanks,

John C. Hayman III
