I was appalled and didn't understand who that ANC person was as she has never been elected to This SMD..I'm not sure why our actual ANC WAS NOT INVOLVED? There seems to be an ulterior motive why that ANCMember was selected. There is no possibility of this homeowner doing anything on the side of his home without using the neighbors yard. There was talk of a 5 foot setback but to be honest I don't see even a 1 foot setback .It has to be just inches Please don't approve any exception for this project. I don't see how this owner intended on doing anything on the sides. There's not enough space for an adult to walk through much less doing any work and equipment. This owner is negating the fact that his original home is grandfathered but the addition falls under the new rules. Homeowner is trying to pull a fast one .Please allow this to stand..
