Hi Melanie, I am attaching the plans for my garage and second story fitness room, along with the notice that I now have taped to my front door and also to the bay window. I am pretty certain that the attached plans are identical to what I shared with you last month. Please let me know if you have any additional concerns and 'reply all' so my architect is copied. I may be returning to NC soon if the conditions there do not improve. There is generally no cell service there currently and no way to know when it will be up and running.

Thanks

David

Melanie, I am attaching an additional file which you are probably already familiar with but it has some additional information for neighbors of a pending project.
