DC Zoning Commission:

At the full meeting of Advisory Neighborhood Commission 6B on March 11, 2025, with the proper notice required by law and with quorum present, and with the unanimous support of its Planning & Zoning committee, ANC 6B voted unanimously (8-0, 1 absent):

We do not plan to appear in person at any hearings in this matter, as we trust that you will give our letter of support great weight. However, please let us know if you require further documentation.
