Board of Zoning Adjustment
441 4th Street, NW
Suite 210S
Washington, DC 20001

RE: Rescinded Walkthrough Agreement – BZA Applications 21240 and 21249

Dear Members of the Board,

We are writing to notify you of a recent development regarding the applications numbered 21240 and 21249. During the zoning hearing held on April 23, 2025, the applicant publicly agreed to allow Commissioner Orendoff to conduct an indoor walkthrough of the assisted living facilities, specifically at the Clay Street and Eads locations.

However, we have since been informed that the applicant is no longer offering this walkthrough, citing patient privacy concerns and regulatory restrictions. While we understand the importance of respecting resident privacy and relevant legal guidelines—particularly at the Clay Street site which currently houses residents—we find the blanket rescission perplexing, especially considering the Eads location is reportedly unoccupied.

This walkthrough was a discretionary effort, but it represented a key opportunity to build rapport and transparency between the Advisory Neighborhood Commission (ANC) and the applicant. Its cancellation is another instance in a growing pattern of limited cooperation that has challenged our efforts to foster a productive relationship.

We are disappointed to report that, despite the applicant's commitment made before the Board, they have now declined to follow through. We intend to formally document this reversal as part of the record and respectfully request the Board consider this development when evaluating the pending applications. As stated in our previous correspondence to the applicant, all updates and evidence were due to be submitted by May 2, 2025. We are sharing this information in accordance with that timeline.

We remain committed to transparency and constructive dialogue and will continue to honor the Board's guidance in this matter.

Sincerely,
Kimory S. Orendoff
Secretary , Advisory Neighborhood Commission 7F03

Good morning Ms. Wilson,

I will let Commissioner Orendoff determine if he wants to do an exterior tour.

Best,

Chanettia

I believe the inside of the Eads property is still a house so an inside walk through would not serve any purpose. You are of course free to communicate anything you'd like to the Board. Please let us know if you are interested in an exterior walk through.

If you have any questions about operations, I would direct you to the procedures manual in the record.

Good morning Sarah,

Thank you for your response. Yesterday, decisions for both applications (21240 and 21249) were moved to May 14th. This walk through would need to occur before then. You all informed us that the Clay Street property was the only location that currently has residents, Eads does not. Your concerns make sense for that location, but I am confused by this response if it also applies to the Eads location.

In front of the board, you all agreed to allow Commissioner Orendoff do an **inside** walk through. We're okay with informing the board that you all have rescinded on your agreement on this matter, but we just want to make sure that is what is being communicated here. The board asked everyone to submit all evidence and updates by tomorrow, so I am requesting confirmation by noon May 2nd. That gives us enough time to provide them the update by COB May 2nd. As your client mentioned, this issue has been delayed long enough, so let's see how we can keep the ball moving forward. We will honor whatever decision is made but will need to communicate these updates with the board.

Best,

Chanettia

Good Afternoon Commissioners,

My. Eyob would be happy to host an outdoor walkthrough on May 17th. Due to privacy concerns for patients and strict regulations governing access to these types of facilities, an indoor tour will not be possible. However, he would be happy to review and discuss the floor plans during the visit.

Best,

Sarah
