Washington, DC 20001

Subject: Architectural Planning Drawings for Case No. 21316

Chairman Hill and Members of the Board of Zoning Adjustment,

Thank you for the opportunity to file for our client, Saturday Nnam, in case Number 21316, the supplemental plans for the landing and steps.

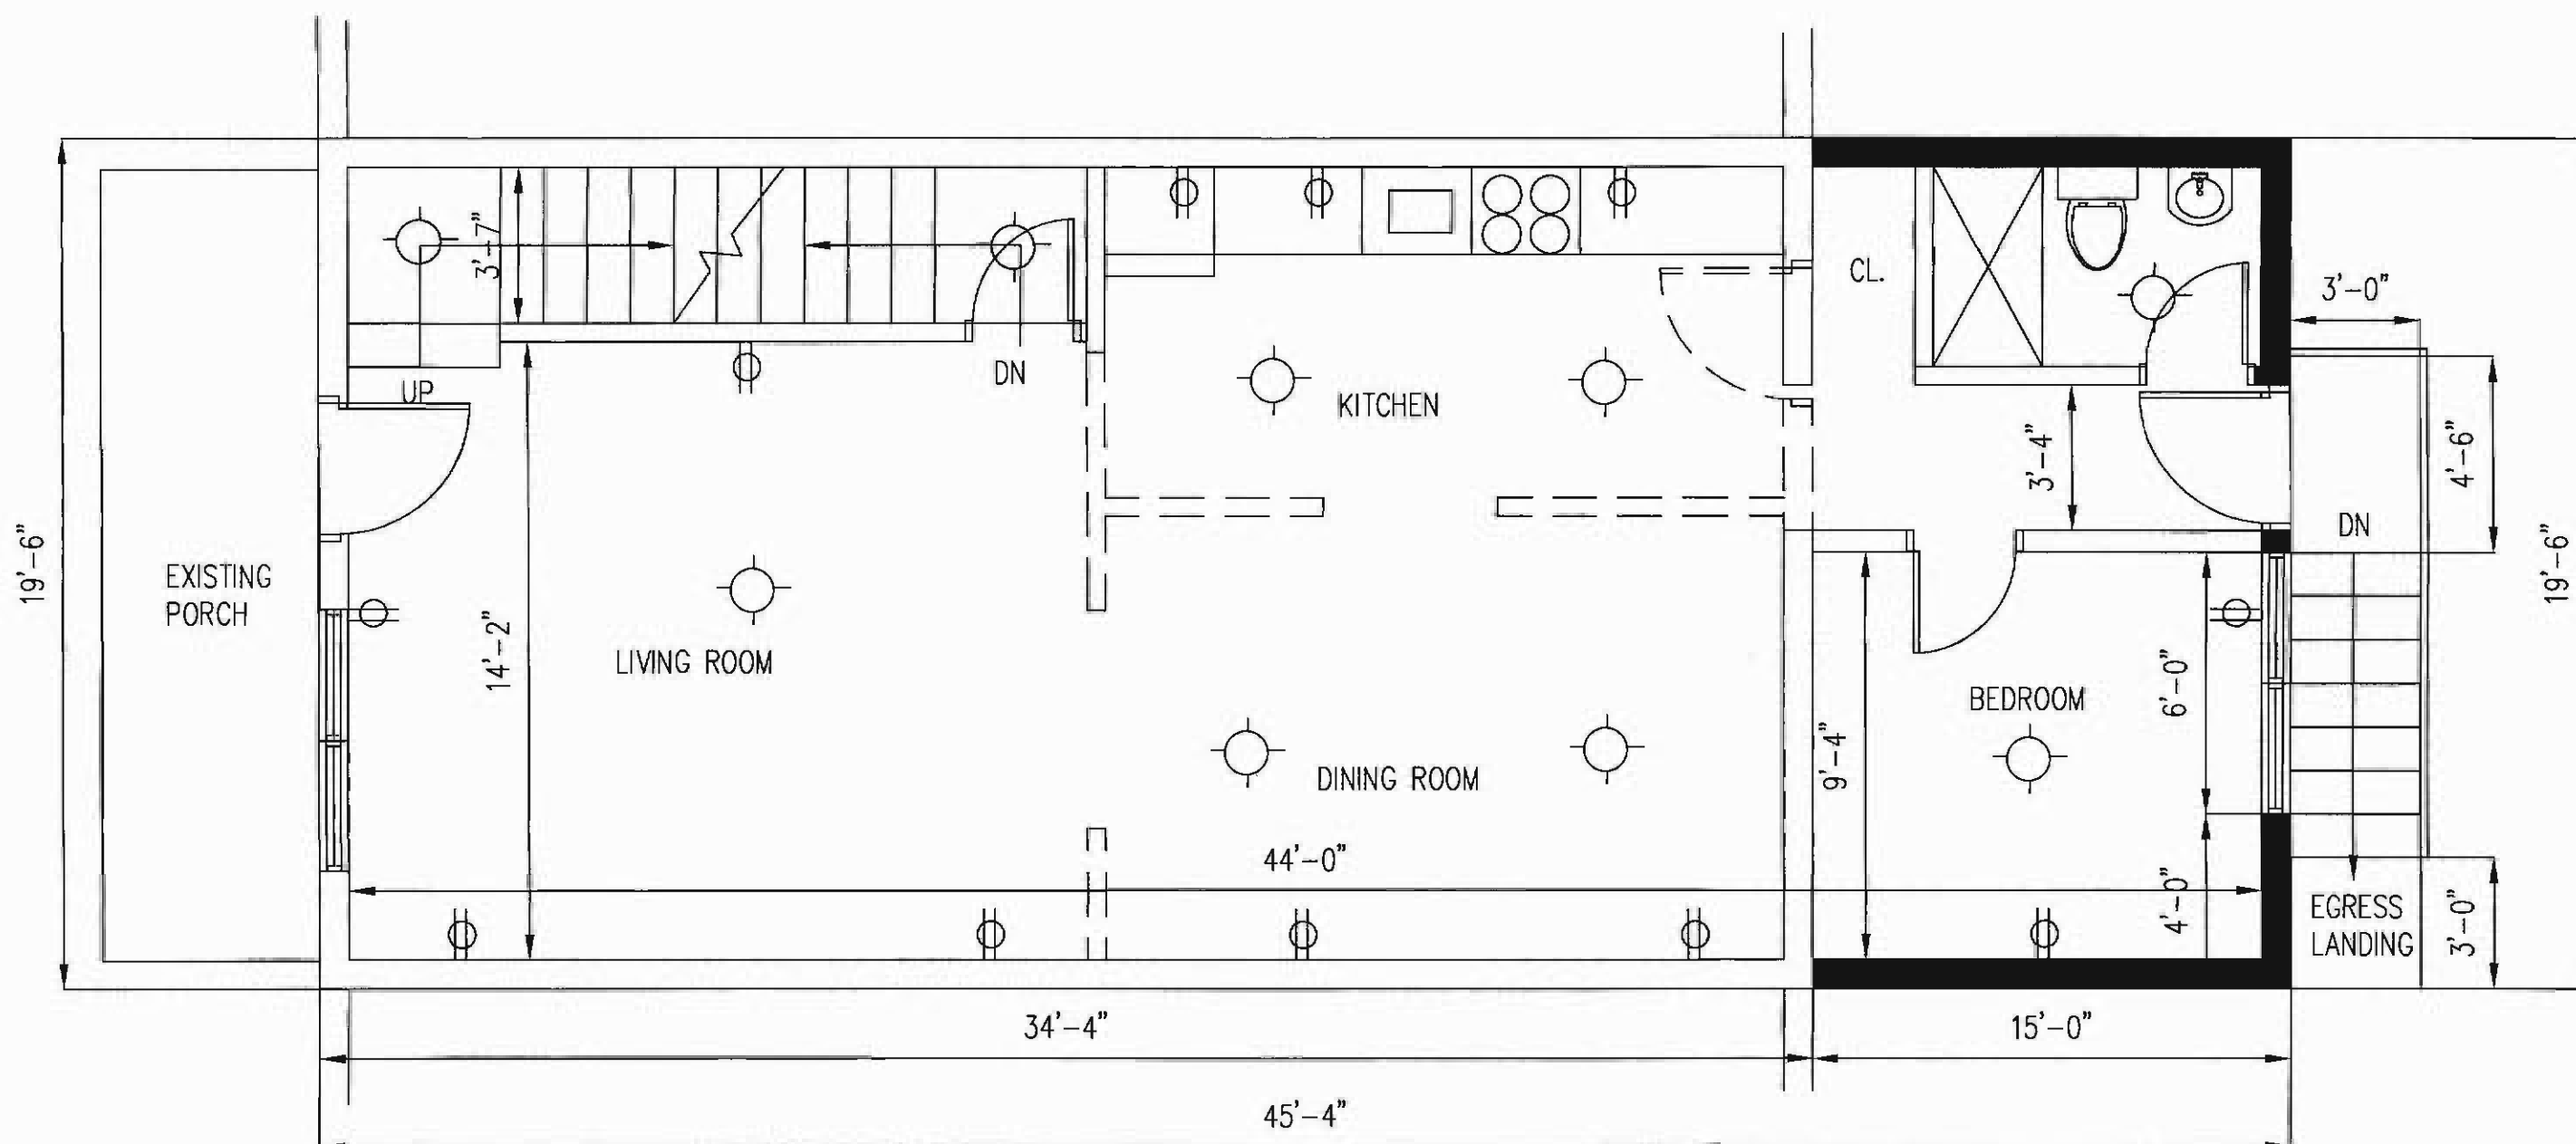

At the request of the Board, we have prepared this Architectural Planning Drawing illustrating our client's plan for ingress and egress to the rear exit of 515 21st St. N.E. Please note that the original plans submitted (Exhibit 12D, page 1) illustrate a French Door with protective railing only. Exhibit 33 now shows the plans for a small landing with stairs and a railing down to the rear yard.

Please contact me at 202.494.7171 if you have any questions.
Thank you for your time and consideration.

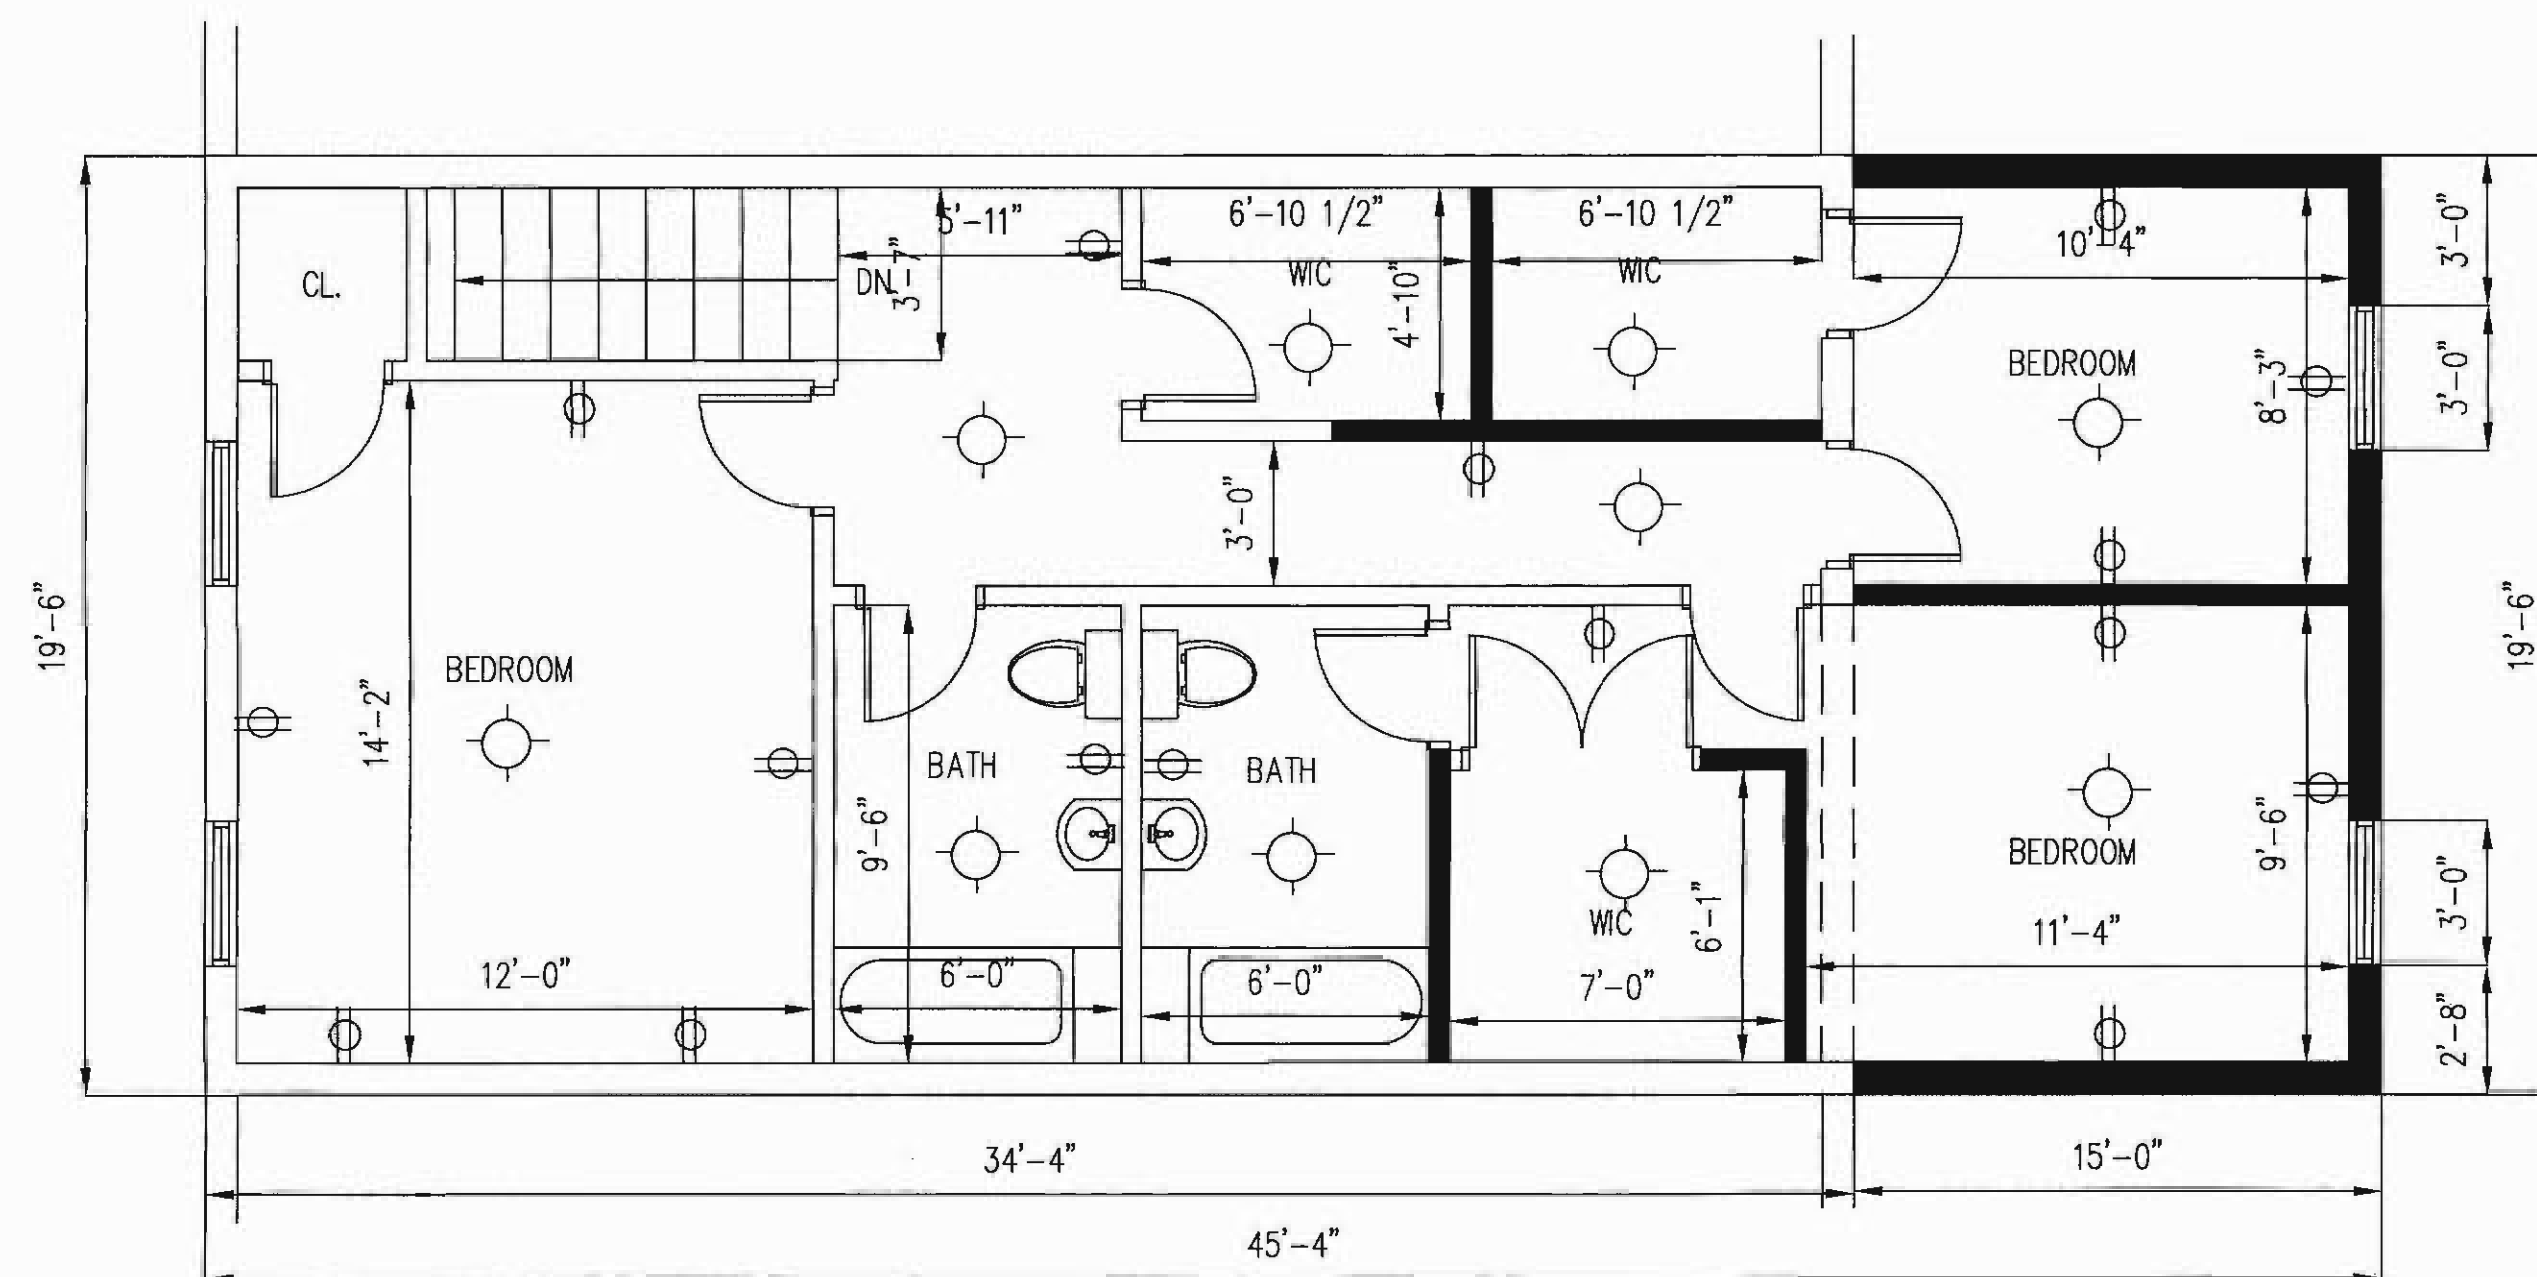

Sincerely,

/s/ Anthony M. Rachal, III
