Dear Jacqueline;

In response to your certified letter from the other day, and in a spirit of cooperation, I'd be happy to share access to my property so that you can address your pest issues. In return, all I would ask is for that same spirit of cooperation in supporting my BZA Application for lot occupancy to allow me to retain my carport/deck in the rear, which protects my car from material falling off of your roof deck, as well as from the other neighbors decks. All that's required is a simple letter to BZA saying that you support approval of the application (attached). All five of our immediately surrounding neighbors have already signed in support.

Please let me know, and feel free to drop the attached back through my mail slot, and then happy to accommodate access for your pest issues at your convenience.

Thank you;

Paul Pike
