Re: 409 E. Capitol SE BZA Case #21333

From: The undersigned

We neighbors to the 400 block of E. Capitol

- Consider "view" not as a factor dismissed as irrelevant but rather intrinsic to the *use and enjoyment of our home and property* and to neighborhood aesthetics.
- Are <u>not</u> opposed to having small business owners in our neighborhood, but
 - Oppose this application as it would result in a tall eyesore visible when we walk
 in that section of E. Capitol and also serve as a bad precedent for an historic
 neighborhood in the shadow the U.S Capitol.
 - Oppose bad faith unacceptable departures from business operations long valued, including that now at issue with the still vacant 421 E. Capitol SE.
 - Oppose the illegal commercial use of residences as continues at 417 A Street SE and other residences in the vicinity.
 - Remind those with responsibility to approve or reject such applications, that
 there is no presumption that developers and outside investors be given what
 they want regardless of how negatively it affects those of us who live here and as
 reflected in the relevant regulations or the present Mayor's admonishment to
 the DOB and DLCP, et. al, to stand down and not enforce current laws and
 regulations.
