Hi ANC,

How are you?

We are currently amending the **BZA 21349** application and have been asked to provide an updated Letter of Support. For your reference, our prior presentation date and ANC 6A's original letter of support are attached below.

To avoid delays associated with re-presenting, we would like to note that the amendment is limited solely to the width of the public alley-way. There are no changes to the proposed building, and the original design will remain unchanged.

We appreciate your consideration and assistance. Please let us know if you need additional documentation.

All the best,

nadege fuller
