Hi Shima,

We asked for the postponement in good part in order to have further discussions with Mr Olayinka bc he had asked us to for a re-vote and to change our mind. We would like to have further discussions with Mr Olayinka so we can possibly come to a agreement that would be good for everyone.

This would benefit him greatly bc if we could support rather than oppose you, Mr Olayinka would have a much shorter wait before getting the go ahead from the BZA, and that would benefit Mr Olayinka more than a extra month or so at this time. As Mr Reid said, bc you presently have a opposition from us your wait before getting the go ahead for your construction could be a year. I stated this in my letter to Mr Olayinka which you received.

Did you consult with Mr Olayinka before writing your opposition to the postponement? Mr Olayinka are you in favor of your team opposing the postponement?

Also I notice that I keep adding Mr Olayinka to our threads and you keep removing him.

Please respond Mr Olayinka, we are willing and happy to hold discussions with you to see if we can arrive at a agreement that is satisfactory for all of us.

Best, Anna Roblin ANC5d03
