Dear Mr Thomas,

Thank you for taking the time last night for the Zoom meeting with neighbors in your district.

I was able to present the project and the feedback will allow me to reframe the ideas of ADUs in the District of Columbia.

Please let us know if you have any remaining questions or comments that will help your constituents understand this project better.

I look forward to future opportunities to present to individuals or groups that may not have been able to attend last night.

Looking forward to hearing from you soon,

ileana
