Board of Zoning Adjustment
Re: BZA Case No. 21375

Dear Mr. Hill,

In BZA case no. 21375, ANC 4B takes note of the following details for submission into the public record.

Applicants Roberto A. Sicre and Maria Victoria Cerdania who had originally submitted an application for area variance as part of plans to build an accessory dwelling unit (ADU) on an existing concrete slab in their backyard no longer plan to pursue this current application and plan to refile in the spring.

Therefore, ANC 4B takes no position at this time in support of their application.

For further requests, please direct questions to Chair Christian, 4b02@anc.dc.gov or Commissioner Berry, 4b10@anc.dc.gov, as the property in question - 6122 Sligo Mill Road NE - is within the confines of ANC 4B10.

Best Regards,

Shamina Christian
